In showing our commitment to veer away from these trends,we have a come up with revolutionary design idea of a green product which contains 95% recyclable materials.

After in-depth exploration of the needs of the market,coupled with more than 10 years of experience in furniture manufacturing, we have remodelled the traditional single use product in order to fulfil different requirements, allowing for seamless integration into different living spaces. Hence the birth of the PRIM series.

The PRIM is not only a green product. It is a representation of minimalist, multifunctional design - a product of exquisite workmanship. All this in conjunction with it's creative,artistic form make the PRIM a truly unique concept - more than just a chair - it is a pioneer in modern seating.
